

CPT® QuickRef App Access Tips

There are 2 versions of the CPT® QuickRef App. A free edition, or the premium edition that unlocks enhanced features.

The free version must be installed first. (see next page)

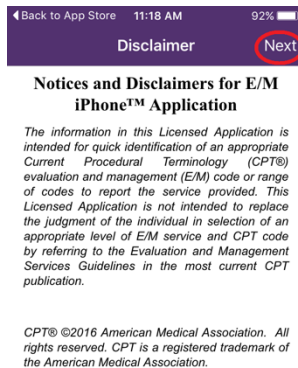

To unlock premium content, you will need the scratchable QR code found on the back cover of your special edition CPT Professional Edition with CPT QuickRef App.

Enhanced features / premium content include:

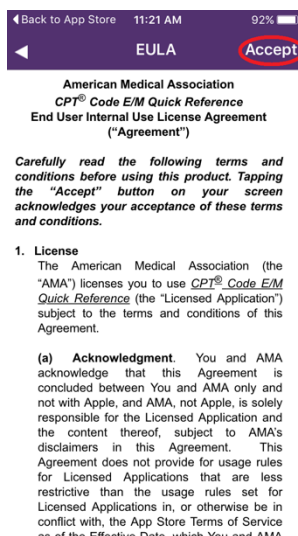

- **Coding and Billing Pack.** Use your mobile device to search and browse all CPT codes and descriptors, complete with applicable modifiers, illustrations, vignettes, RVUs, CPT Assistant references when codes are described in newsletter articles, and both global and GPCI-specific cost information.
- **CPT Assistant Archive.** Access the full content of all CPT Assistant articles (1990-2021) using your mobile device.
- **Updated E/M Wizard** - New 2021 guidelines for coding office & outpatient visits by time and medical decision making.
- **The latest information** – Receive updates from the cloud when new RVUs and proprietary laboratory analysis (PLA) codes are released or when technical corrections are made to 2022 CPT codes.
- **Favorites** – Select the codes you use most and save them to your favorites list.
- **Facility and non-facility RVUs** – Use federal data on facility and non-facility work and practice expense values.
- **GPCIs** – Set your region's geographic practice cost index to calculate accurate Medicare payment for each procedure.
- **Global days** – Reference the number of global days CMS assigns to a given procedure.
- **Color illustrations** – Better understand complex procedures with AMA-created illustrations.
- **Clear references to CPT Assistant articles** – View article titles instead of date and page number references found in other resources.
- **Improved search** - Enter the first 3 or more digits of a CPT code to get suggested matches.
- **Past code set information** - Upgrade to the multi-year option for the code set years of 2018-2021 for auditing and other reference.

Accessing the free app

1. If using an Apple mobile device, visit the App Store. If using an Android mobile device, visit Google Play.
2. Search for **CPT QUICKREF**.
3. Download the free app.
4. Open the free app. An “Update Installed” message will appear. (Please note that when future app updates are released, you will see this message again.) Tap **OK** to continue.
5. A “Disclaimer” page will appear. Read the disclaimer and tap **Next**.

6. The “End User License Agreement” will appear. Scroll to read the agreement and tap **Accept** to continue.

You now have access to the free app.

Accessing the premium content with a QR code

To complete this section, you will need the QR code found on the BACK COVER *** of your *CPT*® codebook.

The QR code is hidden by a scratch-off coating. Gently scratch off the coating to reveal your QR code.

*** (There is an authenticity QR code on the front cover, but you need to use the scratchable metallic square on the BACK cover.)

CPT® Professional Codebook and CPT® QuickRef App Bundle
